## t'-ease

with Dark Demin-T in mind. This preview shows the idea-collection Summer 2018. To be made in a numbered 100/100 edition. At ease with a smile and a twist that is the objective with the t'-ease collection.

This collection is a creative collaboration between made by hand and made with tools from software. The assignment is to create an other aesthetic language.

Thinking about a Homo Ludens who likes to make up. Who likes to advert his own plays.
